REF: Memorandum for Record – Product Training Availability – Open to All

The Independent Rough Terrain Center, LLC (IRTC) Cibolo, Texas is the Original Equipment Manufacturer (OEM) of the RT-240 Rough Terrain Container Handler (RTCH) and RT-022 Light Capability Rough Terrain Forklift (LCRTF). IRTC manufactures its products for commercial use in the oil and construction industries and for military purposes by the U.S. Department of Defense (“DoD”). Along with the products, IRTC provides training for use and repairs of its products to both the commercial and DOD customers and is available to the general public as well.

IRTC, formally known as Kalmar RT Center LLC (KRTC) changed its name in 2018 and is a federally recognized small business. The company retains its product and service focus on rough terrain cargo handling and is devoted to the military and commercial markets.

Respectfully,

George Deck
Training and Service Manager
